Dear YEMD Board

I'm an emergency medicine resident at the end of third year of program at University of Milan, Italy. I am the CoSMEU( Italian EM resident association) secretary, since May 2021. As part of this group, I hold different roles, firstly the secretarial and administrative tasks. I am fist-hand involved in organization of CoSMEU officers meetings and in the accountability of new and renewal registration. Moreover, one of my roles is the co-administration and monitor of CoSMEU Social Media channels and emails and to maintain and establish contact with the Italian young EM physician from all the Italian Universities. Thanks to the this experience, I had the opportunity to be involved in organization of intersociety meetings and collaborations with other groups (nurses, students and other speciality residents). I had the chance to be involved in national EM congresses.as chairman and in the scientific board. I am committed to contribute to the development of EM not only in my country, but also at an higher level in Europe. I would be pleased to help to organize educational events, manage social media, and assist the chair with administrative tasks, as I already do in the Italian resident association, and as request by the position statement. Based upon my academic training and the requirement of the position I'am applying for, I believe I would greatly perform and at the same time this would be a great chance for my personal and professional development because team working is one of the things I really believe in, particularly in the EM. I believe this position will be the perfect environment to feel stimulated and critically engaged during my senior years of residency as it offers a number of outstanding resources. I am available for any questions regarding my application and would like to thank you in advance for your time.

Yours sincerely,  
Isabelle Piazza
